

Mental Health Services, No Insurance Needed!

CNS Healthcare is a Certified Community Behavioral Health Clinic (CCBHC). As a CCBHC, CNS Healthcare provides necessary mental health and substance use services to qualified individuals regardless of insurance status*.

Who qualifies for CCBHC services?

CCBHC services at CNS Healthcare cover children (7 –17 years) Adults (18 years and up) and that are uninsured, underinsured, and historically underserved populations, such as Veterans, Native Americans and LGBTQIA. This includes those with no health insurance coverage, lack of access or coverage to medically necessary services through their health insurance and those that would not otherwise have access to services at all.

What services are available?

CNS Healthcare's CCBHC services provides comprehensive clinical care services for children and adults such as screening and assessment, outpatient behavioral health and substance use services, targeted case management, care coordination, psychiatric services, and other services provided by certified peer support specialists.

*Persons served through CCBHC may have a fee assessed for the services they receive based on an established Sliding Fee Scale, the person's insurance (if applicable) and/or income verification. The Sliding Fee Scale is determined by the cost to provide services.
